

## COVID-19 (novel Coronavirus) Statement

1<sup>st</sup> July 2020

Dear Families,

The latest updates from the Australian Federal Government and health authorities mean that we are able to return to swimming lessons.

Our mobile swimming lessons will recommence on July 6<sup>th</sup> 2020; however, we will not resume our regional swimming lessons (Northam, Wundowie, and Quairading) until the pools reopen for the summer season.

Precautions and restrictions are still in place, and our mobile families will be notified of these via email before they resume lessons.

In regards to our regional swimming lessons, we are awaiting information from the local shires in regards to their own procedures, which we must therefore enforce. More information will be released to our clientele as it is delivered to us.

We encourage all of our families to continue to socially distance and continue good hygiene practices.

Please visit the Government's website for the most up to date information at:
